

Shaded Area - Internal University Use Only

OTC Agreement No.:

OTC Docket No.(s): 20160062

Document Revision Date: 3/22/2017

UNIVERSITY OF MINNESOTA

LETTER OF APPROVAL

THIS LETTER OF APPROVAL is to document the approval of the Regents of the University of Minnesota (the "**University**") regarding the licensing of University case "20160062 – Object Partitioning", under the MIT open source license (<https://opensource.org/licenses/MIT>).

Background

- A. Object Partitioning was built at the University, the primary inventor, Fluvio Lobo, has graduated and is no longer with the University.
- B. Object Partitioning was funded with internal University funds.
- C. The University expects the primary inventor, Fluvio Lobo, to manage the release of the software.

Purpose

The University approves the licensing of Object Partitioning using the MIT open source license.
